About the Webinar:

Department of Statistics, St. Thomas College (Autonomous) Thrissur, is organising a two day "National Webinar on recent developments in Statistics and Probability during February 18-19, 2021.

The aim of the Webinar is to bring together Mathematics and Statistics Research scholars from different parts of the Country for exchange of ideas and latest developments through plenary lectures, invited talks and paper presentations. These two-day National Webinar will provide a platform for interaction of the young Statisticians and researchers with a galaxy of eminent Mathematicians and Statisticians by exchange views on latest development in various fields of Statistics and probability.

About the Host Institution:

St. Thomas' College Thrissur is one of the leading academic institutions in the higher education sector of Kerala since 1919. It has a long and proud tradition of excellence in training, teaching and research in many academic disciplines of Science, Arts, Commerce and Humanities.

Post graduate Department of Statistics and Research Centre, St. Thomas' College, Thrissur provides robust computational support to meet the needs of students and researchers. Collection, analysis and interpretation of numerical data have significant role in every research programme. The rapid development in information technology and expansion of the means of communication have made the data collection an easy task up to a certain extent. The Degree Course in B.A. Statistics was started in the year 1955 under the Dept. of Mathematics and Statistics affiliated to the University of Madras. In the year 1958 the B.A. Course was converted to three year B.Sc. course in Statistics under the University of Kerala. The Department of Statistics was established in the year 1984 and the M.Sc. course in Statistics commenced in the same year with Operations Research, Numerical Mathematics and Computer Programming as optional subjects. Department was elevated as Research centre of the Calicut university in the year 2013. The department offers Certificate course in Statistics for UG and Certificate course in Statistical Data Analysis for PG students.

Call for Papers:

The organizers of the Webinar invite papers for presentation. The abstract not exceeding 200 words and with at least two 2010 AMS Subject Classification numbers intended for presentation should be sent latest by February 10, 2020 preferably by E-mail to steseinar2021@gmail.com. Proceedings of accepted papers will be
