MANAGER'S MESSAGE

Mar Tony Neelankavil
Manager

The Word is Ultimate Power, for it is the tangible manifestation of knowledge, emotions and truth. The Written Word is all the more powerful because it is a collective documentation of all that has passed, is passing and will pass, not only in the environment but also in the mental and spiritual landscape of humankind. In times of strife and in times of peace, this documentation is important because it preserves a trace of the enormous journey undertaken by humankind and humanity. St Thomas College (Autonomous), Thrissur, may be a small speck in this gargantuan journey, yet there is no denying the services rendered by this institution by shaping history of the last 100 years. Yet, St. Thomas enters a new century willing to change and to serve the society even while remaining true to its core values. Helen Keller once said “The highest result of education is tolerance” and I would add compassion and service to it. I take pride in addressing the college community through the second edition of the revamped St Thomas College Chronicle. I take this opportunity to remind everyone of the role St Thomas College has played in facilitating the enormous diversity of religions, languages and cultures. My wish for all Thomites is to use the power of the Word for realizing compassion, tolerance and truth and therein the attainment of true freedom, not only for the individual but also for the country and humanity at large. Jai Hind!

EXECUTIVE MANAGER'S MESSAGE

I congratulate you all for your efforts of right choices and right actions while travelling in pursuit of an excellent education in our institution. At St Thomas College, education is planned as an entire end-to-end process from the very first day of an academic year, to equip all stakeholders to integrate productively with the society around us. The college is blessed with the finest faculty and students who only need to utilise every chance to reach the height of Excellence.

I take this occasion to congratulate each and every member of the St. Thomas family for upholding the principles of our forefathers and century old heritage. I exhort all to make use of the exceptional advantages and opportunities provided by the St. Thomas ecosystem and pledge to lead the college into the next millennium adhering to our motto- Veritas Vos Liberabit.

I wish you all the best for all curricular and co-curricular activities of the college in the coming semesters too.

Fr. Varghese Kuthur
Executive Manager

From the PRINCIPAL'S DESK

I am privileged to assume the office of the Principal and to lead this vibrant community of scholars, teachers and students during its centenary. I wholeheartedly thank Dr. Ignatius Antony, former Principal who led the college during 2018-19 for his commendable leadership and foresight. Following the vigour of the centenary celebrations, we started this academic year with a faculty development programme to orient all faculties to enhance their capabilities. Keeping in view our mission we conducted Induction programmes and Youth Empowerment programmes for both PG and UG Programmes. With the collective efforts of the Departments, Cells and Clubs, we have been able to organize an impressive array of events and activities. These co-curricular pursuits offer our students the best possible opportunities to become confident and thoughtful and prepare them for the future challenges in this increasingly global world.

Some novelties introduced in this year are: mentor-mentee groups to forge deeper bonds with students and give all needed help and workshops for faculty to

formulate Outcome Based Curriculum. In the long list of achievements, some of the highlights are winning the Best College Award at National Level for promoting sports at the 4th PEFI National Awards; the 54th position in NIRF Ranking 2019; being recognized as a Paramarsh-Mentor College and our Innovation Council securing Two Stars. The smooth conduct of admissions for the academic year 2019-20 by the Admission Committee and the conduct of Odd Semeste Examinations by the Controller of

Examinations Office deserve kudos. Committed social service to the society by the college NSS and NCC units are also worthy of appreciation.

Let me thank our Patron Mar Andrews Thazhath, Manager Mar Tony Neelankavil, and Executive Manager Rev. Fr. Varghese Kuthur for their unending support. This Chronicle serves the purpose of showcasing our achievements during June-October 2019. I do personally appreciate the Editorial team who were instrumental in bringing out this Newsletter.

“Let there be Peace: Let there be Hope and Let there be Life” in our future endeavors.

Dr. Joy K.L.
Principal
