SCIENTIST

DR. THOMAS A. KODENKANDATH

67

Dr. Thomas Kodenkandath, a Doctoral degree holder in Chemistry is also a famous cartoonist.

He was a student of St. Thomas College for his Pre degree to Post graduation classes (1978-1985). During his college days itself he had started earning accolades as a cartoonist. He took his Doctorate in Chemistry from IIT, Chennai. His achievements include UNESCO's Promising Young Scientist Fellowship (1993) United Kingdom Fellowship of Engineering and Physical Science Research Council (1996) and American Chemical Society Fellowship of National Science Foundation (1999).

Artistic accolades and Awards include Kerala Lalitha Kala Academy* Award and American Association of Editorial Cartoonist Awards.

Author of 75 articles in well browsed scientific journals throughout the world, Dr Kodenkandath has 7 patents so far. Fellow of the Imperial College of London, this cartoonist has published more than 12000 cartoons to date.
