Santhome Luminaries: 93 A Tribute to our Alumni

M. P. Ramachandran is the Founder Chairman and Managing Director of Jyothy Laboratories. He was graduated from St Thomas College, Thrissur.

ENTREPRENEUR

M.P. RAMACHANDRAN

93

He was born in Kandanassery, in Thrissur. He migrated to Mumbai in search of a job and worked there for some years. He introduced Ujala under the banner of Jyothy Laboratories* in 1983. Ujala was incredibly successful because it was introduced in the market at a time when there was only a chemical named 'Neelam' available for whitening the clothes. There are more than 5000 employees in the company which was established with a capital of 5000 rupees. Jyothy Laboratories which manufacture a number of products like soap, washing powder and starch (which keeps clothes rigid) has become a global brand at present.
