About the College:

St. Thomas' College, Thrissur, is the oldest Catholic College in Kerala and is the first College to have been established by diocesan clergy in India and is older than all the Universities in Kerala. It was founded as an educational institution in 1889. The college has had a very strong scholastic tradition that spans over a century. Apart from the contributions to intellectual and cultural fields, the College community has responded positively to the problems thrown up by the processes of nation-building and political life. St. Thomas' College is accredited with A grade by NAAC. The UGC granted Autonomous Status to the College from 13th June, 2014 and College with Potential for Excellence status with effect from 01st April, 2016.

About the Department of Mathematics:

The department of Mathematics started in the year 1926 and presently offers research in Mathematics along with two UG and one PG courses in Mathematics. The department consistently maintains a high level academic excellence and intends to produce highly qualified and motivated Mathematicians.

About Kerala Mathematical Association:

Established in 1962, Kerala Mathematical Association (KMA) is very active in promoting Mathematics learning and research. It renders invaluable help to various educational institutions in organizing national/international level seminars/conferences/ workshops, training programmes for teachers and in bringing out the proceedings. Bulletin of Kerala Mathematical Association is an international journal published by KMA.
